

INDIGESTION

Hours may be consumed in describing the suffering, mentally and physically, from this distressing ailment which has baffled the skilled specialists for years. Probably the most helpful remedy you are likely to find is Tanlac, which has proven that, through its natural influence on the digestive organs, it is an ideal agent for overcoming this most dreaded disorder.

Tanlac is sold by all good druggists

Jess Pugh

Fun Specialist

Q Jess Pugh presents, among numerous other fun specialties, "The Snuff Stricken Reader," which was originated by him and which has generated fun in countless communities throughout the country.

Q Jess Pugh is one of the most popular Chautauqua entertainers of the day.

JULY 12TH TO 19TH

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric light.

VOCATIONAL EXPERT TO LECTURE HERE

Chautauqua Audiences will Hear
Important Address.

Prof. Chester M. Sanford to Discuss
Problem of Avoiding the Misfit
in Industry.

"What shall I do in the world?" is a great problem which interests all of us. Aid in the solution of this problem is afforded by the lecture, "Failures of the Misfits," to be given here at the Redpath Chautauqua by Prof. Chester Milton Sanford.

Professor Sanford is an expert on vocational guidance. His lecture aims to guide the young people of the com-

CHESTER M. SANFORD

munity into choosing their proper vocations—to help eliminate misfits in industry and the professions. Every person, young or old, who has the future of America at heart will be vitally interested in this lecture.

The tragedy in many lives is the attempt to succeed in one line of work when ability and inclinations point in an entirely different direction. Many a man who would succeed in business would be a failure as a physician and vice versa.

Professor Sanford's lecture gives valuable suggestions concerning the choosing of a vocation.

Will Impersonate Literary Notables at Chautauqua Here

Mark Twain, Longfellow, Riley, Hugo and other literary masters will live again in the impersonative lecture-recital to be presented by Sidney Landon, humorist, scholar and interpreter, at the coming Redpath Chautauqua.

With the aid of wigs, grease paint and vivid descriptions, Mr. Landon presents character studies and speaking

SIDNEY LANDON

likenesses of a number of the best-loved men of letters; and while in make-up, he reads from their best-known masterpieces.

One of Mr. Landon's favorite impersonations is of Mark Twain as that famous humorist appeared on the occasion of his seventieth birthday anniversary banquet. Poe and Bill Nye, Tennyson and Kipling also appear in the Landon gallery of impersonative portraits.

The Landon lecture-recital is inspirational, educational and entertaining.

Ancient Fortifications.

The explorers who attempted to scale Mount Everest discovered among other things, several ancient fortifications built in unexpected places in the high Tibetan mountain valleys, 15,000 feet above sea level. Partly to protect the fields from being washed away by mountain freshets and partly to guard against raids by enemy tribes, walls 20 feet high and often more than a mile long, guarded by strange round watch towers, were constructed at intervals at the head of these fertile valleys.

Beauty in the South.

In the South the grape myrtle becomes a small tree and turns a brilliant bronze almost or quite red, says the American Forestry Magazine. It is much grown for its summer and early fall flowers, but it also has value for the color of its ripening foliage on the approach of cold weather.

On Sale everywhere from Now on The New & Better USCO Tire with many improvements

The price remains
the same

\$10.90
for the
30 x
3 1/2

WHEN "USCO" announced its new low price of \$10.90 last Fall, the makers were already busy developing a still greater "Usco" value.

The new and better "Usco" as you see it today—with no change in price—and tax absorbed by the manufacturer.

You'll note in the new and better "Usco" these features—

Thicker tread, giving greater non-skid protection. Stouter sidewalls.

Altogether a handsomer tire that will take longer wear both inside and out.

The greatest money's worth of fabric tire in the history of pneumatics.

RAINS HELP GARDENERS

Soaking rains the first part of week worked wonders with vegetation, and freshened up fields parched almost brown under a July sun. Stock water was getting scarce in some parts of the county, and many livestock dealers were driving their cattle and other stock long distances to where they could obtain water. Farms and gardens have benefited greatly from the life-giving moisture and the crops are in fine condition as a result.

The drought had begun to have an effect on tobacco and corn crops in many sections. The rains that fell in June were not sufficient to help the crops very materially.

The hay crop has been harvested, the dry weather prevailing during the past two weeks being favorable to the ripening and satisfactory curing of this crop.

Early corn has reached the tasseling stage, and with more rain, should produce some roasting ears soon. The fruit crop in general is promising and, with favorable weather, a bumper crop will be produced. Potatoes and oats have suffered most from the drought, and the blackberry crop may be short in some sections.

SUPERINTENDENTS URGED TO ORGANIZE TEACHERS

County School Superintendents and school principals are urged by Charles D. Lewis, State Director of Teacher Training, to organize their teaching forces during the summer training schools for the work of the next scholastic year. The organization of county educational associations is recommended by Professor Lewis, who suggests that such organizations, after being completed, should be put behind every progressive movement in the different counties, including the district library campaign, school improvement league, parent-teachers' associations, boys' and girls' club work and good road movements.

ACROSS THE ATLANTIC BY AIR

The U. S. naval seaplane N-C4 (Read), in 1919 (May 16-27), flew from Trepassy, British North America, via the Azores, to Lisbon, Portugal, 2,150 miles, in 26 hours, 45 minutes, actual flying time.

A British biplane (Alcock-Brown) in 1919 (June 14-15), flew from St. John's, N. F., to Clifden, Ireland, 1,960 miles, in 16 hours, 12 minutes. The British dirigible balloon R-34 (Scott), in 1919 (July), flew from East Fortune, Scotland, to Mineola, N. Y., 3,130 miles, in 108 hours, 12 minutes, and returned from Mineola to Pulham, England, 3,200 miles, in 74 hours, 56 minutes.

A Spad airplane, in 1921, in France, flew at the rate of 193 miles an hour.

When Looking For GOOD PAINT

At the Lowest Possible Prices
Give Us a Call

We carry everything in the Paint and Wall Paper line. Paints, Oils, Varnishes, Lead, Turpentine and Shellac, Brushes of all kinds, Window Glass, Wind Shields, Paris Green—in fact, anything that can be found in an up-to-date paint store. Come in and look our stock over and get our prices before you buy. We will save you money.

We're also Contracting Painters and Paper Hangers. Let us figure on your next job.

FIFTY-FOUR CONVICTIONS

(Frankfort State Journal)
Sixty-two arrests in one month and 54 convictions by the wardens employed by the State Game and Fish Commission reflect high credit upon the service and indicate that there is plain proof of violation of the conservation laws.

The proportion of convictions to total arrests is indicative of a sound sentiment in behalf of laws which will prove highly and widely valuable if well enforced.

Violating the game and fish laws reflects as often as not ignorance of the value of the laws. The hunter or fisherman who is a violator has no real conception of the way in which fish and game can be increased where the law is obeyed. That there is little difficulty in convicting those who, in their ignorance of their own interest in conservation, violate the law is a good indication of support of conservation. The educative effect of frequent convictions is highly useful.

It has been uphill work, but Kentucky is gaining ground as a conservator of game and fish. No project distributes so widely the benefits of its success.

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assists Nature in doing its work.

LOYAL TO HIS HOME TOWN TO THE DEATH

A young Kentuckian found himself in the front trenches facing the Hindenburg line. It was a terrible night, rain, storm, shell fire, hell. The enemy was fighting like a cornered rat. The air was heavy with gas shells, grenades, etc.

With the gray dawn of the morning the bombardment ceased as suddenly as it had begun and for the shambles and wreck of war there fell a strange, awe inspiring silence. The tension was increased rather than diminished, until it seemed that strong men must scream or lose their reason, unless some one or something should break that fearful and unnatural calmness. It came. Shouted at the top of a Kentucky voice, rancorous and belligerent, these words broke the soul-destroying spell—

"You're a Har. Paducah, Kentucky, has got the best street car system of any town in the world."

NEWSPAPER CHANGES

Announcement of the resignation of Eugene Knott as general manager of the Louisville Evening Post was announced by that paper, effective at once. W. W. Stouffer, who has been business manager will fill the vacancy caused by Mr. Knott's resignation.
